Rating:	★★★★☆
Version:	1.0 (April 11, 2012)
Size:	24.6 MB
Price:	$45.00

Open in Unity   ⤴ 🐦 f

This is a complete single level dungeon construction kit. Kit includes basic building blocks such as floors, pillars and walls for creating dungeons from scratch. Pre-fab pieces are also included for quickly roughing out your dungeon.

Dungeon dressings include a wall mounted torch, both lit (particle fire and smoke) and unlit and a demon statue to make your creation look a little more lived in. Last but not least, a dirt tile for filling in around the edges of your dungeon.
